

## OT Board Meeting 2008-02-07

### *Present at the meeting:*

- Kenny Erleben [**KE**]
- Jesper Damkjær [**JD**]
- Sune Nielsen [**SN**]
- Kasper Amstrup [**KA**]
- Micky Kelager [**MK**]

Moderator: **KE**

Minute-Taker: **MK**

Minutes from last OT board meeting were approved.

Missing minutes will be uploaded to Wiki ASAP.

Files can be uploaded using the 'upload file' item on the left panel.

### *OT Surgery dates:*

- Planning: Monday 2008-02-18 at 1300 HRS.  
Changed to Tuesday 2008-02-19 at 1300 HRS.
- Surgery: primo April, more info later.

### *Cmake issues:*

- Are nested cmake files possible?

### *Status OT:*

- Issues regarding paths; absolute paths to shaders, data, etc.
- configuration.h is now auto generated by Cmake.

### *Status Wiki:*

- Gentoo description is not up to date. **SN** will look at it and fix as required.

### *Status OT Layout:*

- **KE** has written a lot about this topic (see external doc).

### *Status Folder Layout:*

- **MK** has changed OT Wiki Main page to reflect the new folder structure
- WIP on writing the description of the folders, will be sent out on email when done for review.

### *Status SVN Layout:*

- WIP, just do it (**KA**)

### *Status Review Process (JD):*

- Flowcharts, review will be put under OT/Documents.
- Light review is ready, ready to be reviewed by OT board.
- Full review, proof reading done, ready for Wiki.

### *Status Other:*

- Joomla is released, and **SN (JS)** will install Joomla and try it out.
- A build robot (Cruise Control/Dart) would be nice to have, to verify that committed source will not break the OT/demos.
